

Installation step

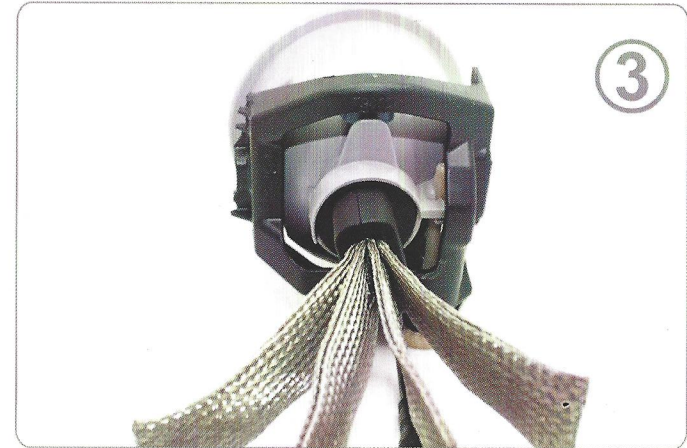

Find out the original halogen bulb position.

Take out the original halogen bulb.

Note:The installation step is mainly for model: H1/H3/H8/H9/H10/H11/H13/H16/P13/880/881/9004/9005/9006/9007/PSX24/PSX26, other models just for reference.

Put the led lamp in and tightly twist it to the fixed position.

Connect the original power line, finish installation.
